# 3D PANEL BATTEN 2

Acoustic Panels

Zintra 3D Panels Batten 2 offer both an intriguing design element and functional acoustic enhancement. Add depth and design to flat surfaces which absorb sound and cancel out soundwaves.

✓ **Acoustic**

✓ **Bleach Cleanable**

✓ **Easy Install**

✓ **Easy Clean**

## Description

Seamlessly joined, our 3D Wall Panels offer both an intriguing design element and functional acoustic enhancement for straight or curved walls. These narrow panels boast a small pattern repeat, facilitating easy adjustment for wall-to-wall fitting without the need for custom drawings.

Our **Batten** design is inspired by the timeless appeal of the board and batten pattern. Designed to bring a touch of architectural elegance and visual interest to your space. Featuring alternating wide boards and vertical battens, this captivating pattern creates a dynamic and textured surface. Its classic yet versatile design effortlessly adds a sense of depth and character to any project.

Also Available in Batten 4, Batten 6 and Peaks design

Our **Peaks** design resembles the peaks of mountains. This panel features a series of angular protrusions arranged in a symmetrical pattern, creating a dynamic and textured surface. Its narrow profile and intricate design make it suitable for a variety of applications, from modern offices and conference rooms to contemporary residential settings.

Not only does the Peak Panel contribute to the aesthetics of a space, but it also serves a functional purpose by enhancing sound absorption and cancelling out soundwaves. Its sculptural form adds depth and dimension to flat surfaces, transforming them into visually captivating focal points.

Not suitable as a free standing product.

## Dimensions

### **Batten 2:**

- 3 Strips/ set, 1.7m<sup>2</sup> (18.1SF)
- 218mm (8.6") w x 2745mm (108.1") h x 37mm (1.5") d / strip

## Composition

Zintra Acoustic Panel - 100% Solution Dyed (Colour Through) Polyester

# 3D PANEL BATTEN 2

Acoustic Panels

---

**Fire Rating**                    ASTM-E84 – Class A classification  
AS ISO 9705 – 2003 – Group 1 classification  
EN-13501 – B-s2-d0 classification

---

**Warranty**                      Visit FAQ for more details.

---

**Assembly & Delivery**       Refer Installation instructions for screw locations and spacing (screws not included).  
  
Recommended 2 People assembly  
  
Go to the Technical Documents and download the Installation Guide for more details.

---

**Supplied As**                    • Batten 2 | 3 Strips (Set) 1.7m<sup>2</sup> (18.1SF)

---

**Suggested Installation**       Go to Technical Documents and download the Installation Guide for more details.

---

**How to Specify**                1. Select Design  
2. Select Zintra Colour

---

**Care Instructions**             Vacuum to remove dust.  
  
Dab Zintra with a damp clean cloth and mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth.  
  
For difficult stains, use a solution of household bleach (10% bleach / 90% water). To remove the bleach, repeat using a clean, water dampened cloth, then pat dry.  
  
Always test in an inconspicuous area first and if you don't see the expected results, contact us.

---
